

# Indicator: High School Graduation

**Description:** Percentage of public school students graduating high school (excluding special diplomas and GEDs).

**Sources:** Florida Department of Education, Education Information & Accountability Services - Graduation Rates By District/School - <http://www.fldoe.org/eias/eiaspubs/default.asp>

**Caveats:** Data are only mapped for traditional public high schools (Grades 9-12) that have a corresponding school attendance zone. Pine View School & Suncoast Polytechnical High School are not shown on the maps. Lemon Bay High does not reside in Sarasota County, but is included because the school attendance zone draws from students within the southern portion of the county.
